

Retirement never looked so good.

Picnic Pavilion

When you just want to get away from it all, go no further than the Pleasant Grove Farm picnic pavilion. Built to keep you comfortable, it features picnic benches and rockers to relax on, a pier to feed (or catch) fish, ceiling fans to keep hot temperatures at bay, a misting system to knock down the heat, and a cooking center sure to please any barbecue chef.

The “Right Sized” Community

With a small number of residences available, Pleasant Grove Farm has a distinctly charming look and feel. Rather than crowding people into small spaces, our philosophy takes the approach of letting you enjoy the land, the community, and home sweet home.

Every home is carefully maintained by our dedicated staff to ensure you get to spend time doing the things you want to do. Our groundskeepers are dedicated to keeping the community clean and well manicured. Enjoying nature is easy at Pleasant Grove Farm.

For those who may need a little extra help, we offer additional services such as shopping, housekeeping, transportation, and meals. For more information on these services and how we can best fit your needs, visit us online at www.pleasantgrovefarm.org.
